What is PRO-FORM's TANGO?

TANGO is an aluminum rail system which mounts to your trucks bed rail to provide dual function for both accessory docking and bed rail protection.

TANGO provides full accessory customisation for both your work and play needs. Add bikes to the rails and put your gear underneath! Clip on some tie downs, add a rack, Sportbar or our LOADMASTER bed divider, you're only limited by your imagination

- No-drill installation
- Fully compatible with Thule and Rhino Rack accessories
- Easily clip on a SPORTLID for TANGO (no tools needed)
- Swap and change racks and accessories as you require
- Sportbar compatible
- Rated to 75kg dynamic load
- Protects your bed rails
- Fully recyclable
